

Semi Automatic Shrink Wrapping Machine

Technical Specification :

Type	Group Bottle Packaging machine
Driven Type	Electric
Place of Origin	Multipack - Ahmedabad, Gujarat, India
Voltage	13 to 18 KW
Application	Pet , Glass , HDPE bottle , Tin Group Shrink Packing machine and bundling packing
After sales service	Installation Done by Engineer
Production Capacity	60 Bottle Per Minute (3-4 pack per minute) depend of operator speed.
Film Material	LD
Control	Digital PLC
Temperature controller	Digital / Analog temperature controller
MOC	MOC Powder Coated
Conveyor	Wire Mesh conveyor for tunnel
Pusher	Pneumatic bottle pusher
Temperature	50- 250 Degree – depend of products/ bottles MOC / Film materials
Product / Bottle feeding	Bottle feeding manually
Machine suitable	Bottle Shrink Wrapping, Bundle Shrink Wrapping, Body Sleeve Wrapping, Neck Sleeve Wrapping, Carton Shrink Wrapping ,Tray Shrink Wrapping and bundling pack.
